

GULF COAST PAINT MFG., INC.

CT-380 Fast Dry Polyurethane

PRODUCT DESCRIPTION

A two component, acrylic aliphatic isocyanate polyurethane finish coat with excellent gloss and color retention. Gulf-Thane CT-380 cures to a very tough, abrasive resistant film with exceptional exterior durability, chalk resistance, color stability, and long term gloss retention. CT-380 has a tile-like finish which is very tough but yet a flexible film. Ideal for Original Equipment Manufacturers.

PRODUCT USES

Ideal as a top coat for Original Equipment Manufacturers (OEM), Fabricators, Machinery, Pumps, Valves. Designed to be applied over Gulf Coast Paint's MCU-100, CM-15 Fast Cure Epoxy or PC-2.8 Quick Dry Primer.
